

BLACK SHEEP

To our dear fans of the blackest
rock festival in Baška,

our black sheep is currently also sad because it must stay in its flock and not go out to prevent spreading this coronavirus. While protective measures are in place, the sheep is closed but exercises daily. This way she will remain fit and ready to bleat as soon as this situation is fixed.

You too should be the responsible black sheep
and stay home. And when the danger passes
**- THE CRAZIEST AND THE BLACKEST
FESTIVAL EVER AWAITS FOR YOU!**
